Project: LC17

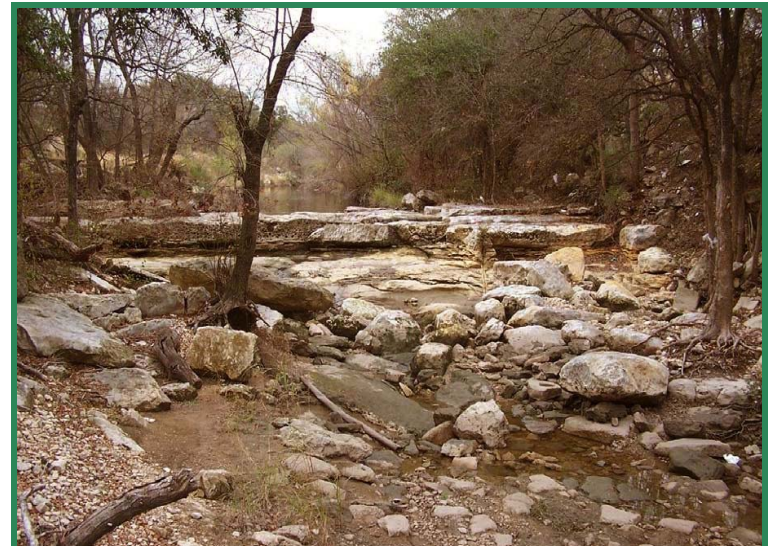

Huebner Creek Enhanced Conveyance NWWC

Location / Limits: Huebner Creek at Bandera Rd to Leon Creek at Loop 410

SCOPE :

This project includes the analysis of Leon Creek starting at Loop 410, and following Leon Creek upstream to Huebner Creek just upstream of Bandera Road. This study is to determine the possible channel improvements and the alternatives to reduce structural flooding both in Leon Valley and the City of San Antonio. The project will be divided into three phases. Phase I will be from Loop 410 upstream to Ingram Road. Phase II will be from Ingram Road upstream to the city limit line between Leon Valley and San Antonio. Phase III will be from the city limit line between Leon Valley and San Antonio upstream to Bandera Road. A Cost Benefit Study, coordination with Leon Valley, City of San Antonio, San Antonio River Authority, Corps of Engineers, and possible buyouts are part of this project.

Precinct:	2	OCL/ICL:	I.C.L.	C.D.	6
Watershed:	Leon Creek				
Creek Name:	Huebner Creek				
Project Type:	Natural Waterway Conveyance				

Consultant:	Vickrey & Associates, Inc
Consultant Awarded:	7 /22/2008
Contractor:	TBD
Contractor Awarded:	
Construction Start:	Jan 2011
Construction End:	Sept 2011

Estimated Construction Cost:	\$29,300,000
