

**Bexar County  
Infrastructure Services  
Flood Control CIP Program**

**Project: SA 6**

**Rock Creek NWWC/Outfall**

**Location / Limits: Callaghan Road to IH10**

**SCOPE :**

Project is designed to improve the drainage conditions of Rock Creek between IH-10 and Callaghan Road. The existing channel side slopes are experiencing erosive conditions causing loss of property and need to be stabilized through the collaborative effort of engineer, landscape architect, and environmentalist.
